

HGC triumphs in CAHK STAR Award & brings home 4 accolades

Hutchison Global Communications (HGC) wins 1 Gold, 2 Silvers, and 1 Bronze in the CAHK STAR Awards 2016. The awards recognize HGC's excellence not only in local and international telecom services, but also in its one-stop enterprise solutions. The centre of attention lies on HGC's Gold Award for the Best International Carrier Award. The Communications Association of Hong Kong (CAHK) is the association for Hong Kong's communications industries, including broadcasting, wireline and wireless communications, as well as information communications technology.

HGC - The Best International Carrier Award: Gold Award

As the winner of the Best International Carrier Award, HGC is equipped with a diverse portfolio of innovative one-stop solutions, business extensions to increasingly more geographies around the world and enriched combinations of service elements. One such solution is HGC's Application and Content Provider (ACP) Solution designed for over-the-top (OTT) players. ACP offers data centre hosting and colocation, along with local and international network connectivity and IP transit, to help customer organizations

Jennifer Tan, Chief Operating Officer (sixth from the left) and HGC top management attended the award presentation ceremony.

extend business coverage all over the world. Other offerings include a content exchange platform from Big Data Exchange (BDX) service. This provides traditional hosting and colocation, as well as services rarely provided by telecoms operators such as software and hardware configuration and OS tweaking.

Aside from the above, HGC also won the Silver Award for the Best Fixed Network Operator for providing innovative one-stop international carrier, corporate, data centre and home broadband services, while HGC

GlobalCentre Limited (HGCGC) won the Silver Award for the Best Data Centre. Last but not least, with its safety, flexibility, and reliability, HGC bizCloud won the Bronze Award for the Best Enterprise Service.
